Handmade
FOR YOU

Dear friends,

One of the things I love best about creative events is watching people open up as they make their projects. Yes, they're putting ink to paper or tying bows, but they're also forming bonds and creating connections.

For some, stamping is a family activity that can span generations. My daughter and I hold monthly papercrafting parties in our neighborhood, and children stamp, too—including my granddaughters.

So creativity often provides a way to build relationships, but I've also noticed that it enhances self-esteem. Create something and you feel better. Male, female, young, old. Creativity builds confidence.

So if you thought papercrafting was just about stamps, ink, and paper—think again! It's also about helping people grow and strengthening relationships. As one demonstrator said: "People don't know how much they need to gather with others. It's therapy."

I wholeheartedly agree, and hope you'll find inspiration for creativity (and gathering!) within the pages of this beautiful catalog.
